PROFESSIONAL EXPERIENCE

Kalvium | Business Development Intern

Jan 2024 – July 2024

Successfully organized and led various presentations, effectively showcasing product and service. Instrumental in driving an increase in revenue through successful client acquisitions. Demonstrating exceptional relationship-building skills, fostering strong client connections.

PROJECTS

Calculator UI([Link](#))

- Designed and implemented a responsive calculator interface using **HTML, CSS, and JavaScript**, ensuring intuitive user interaction and accurate calculations.
- A clean, intuitive design with clearly labelled buttons for digits (0-9) and fundamental operations like addition, subtraction, multiplication, and division.

E-Commerce UI ([Link](#))-visit code

- The landing page with an intuitive design showcasing featured products, deals, and promotions. Using **React js** It often has banners, a search bar, and navigation menus for easy access to various product categories.
- product category has a dedicated page displaying items with descriptions, prices, images, and ratings. Clicking on a product reveals detailed information, including specifications
- Optimized for mobile, tablet, and desktop devices to provide a seamless shopping experience across platforms.

Weather App UI ([Link](#))

- Users can search for weather data by city for local weather updates.
- Shows live weather conditions, including temperature, weather description (like cloudy or sunny), humidity, wind speed, and visibility.

ACCOMPLISHMENTS

- Successfully completed **Cloud Computing** with 65%internship provided by AICTE
- Participated in **Python** workshop by DEVOLOP TREE.
- Completed Python Essential 1 Course in CISCO Network Academy

- Performing as an **IEEE** member.
